

TRANSLOG CONNECT CONGRESS

Annual Transportation, Logistics & Supply Chain Management Congress for Europe

SAVING YOU TIME & MONEY

The rapid evolution of service and technology in transport, logistics and supply chain is driving the development of major industries in Central and Eastern Europe. TRANSLOG Connect 2022 contributes to this trend by assembling a select group of leading solution and service providers, so that senior global and regional decision-makers can learn more about the freshest and most effective services and products on the market.

NEW FOR 2022 – PHARMA SUPPLY CHAIN CONFERENCE STREAM!

For the first time, the TRANSLOG Connect Congress will add to its multi-industry-focused conference programme by introducing a new stream dedicated to regional and global supply-chain challenges in the pharmaceutical industry. At Central and Eastern Europe's highest-quality transport, logistics and supply-chain event, life science's most important CEE decision-makers will attend and participate in presentations on the topics and future opportunities which matter to them most.
